Advance Bulb List for Fall 1962

To all our gardening friends we offer this, our 1962 selection of the WORLD'S FINEST SPRING-FLOWERING BULBS for fall planting. Over twelve hundred varieties have just completed their blooming season here in our trial gardens. The best of them, some new, some old, we have chosen for this list. We have capitalized the names of some we wish especially to call to your attention.

Again our season was brightened by exciting new flowers from the scores of new varieties our growers sent us for their first American trials. Many are offered in this list. We highly recommend them for your garden. Among the new tulips we recall Cottage Moonstruck, Fringed Tulip, Picture, and the Species, Greigii Kultdsha. Large-cup, China Maid, His Lordship and Silver Moon, as well as the fantastically floriferous and fragrant Double, cluster-flowering, Bridal Crown, were among the outstanding new daffodils.

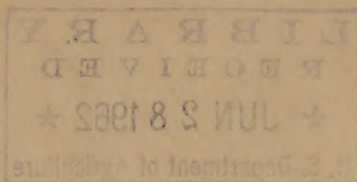

Remember this is an ADVANCE LIST. We can stock only a small fraction of this offering for fall buyers. All new varieties and many older ones are never too plentiful. So to avoid disappointment send in your order as soon as possible after receiving this list.
